March 24, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the City of Placentia Public Safety Center 911 in fiscal year 2024.

The entity to receive funding for this project is City of Placentia, located at 401 E Chapman Avenue
City of Placentia, CA, 92870

The funding would be used for constructing a new build a Next Gen 911 dispatch system and associated IT infrastructure upgrades in the soon to be completed Placentia Public Safety Center as a stand-alone project.

The project is an appropriate use of taxpayer funds because it modernizes their technology and dispatch system to more effectively serve the community. These improvements will help interagency cooperation for other local agencies as well as state and federal law enforcement. Public safety is the most sacred responsibility of the federal government and should be invested in at the local level.

The project has a Federal nexus because the funding provided is for purposes authorized by United States Code (U.S.C.) Title 34, COPS Technology and Equipment projects must be aligned with section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8))

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Michelle Steel
Member of Congress
